ASSEMBLY

1. Use brown yarn and embroider a nose 3 stitches wide between Rounds 14 and 15 of the head, in the centre between the eyes.

2. Stitch the ears on top of the head over Rounds 3 to 5.

3. Matching stitch for stitch, sew the head onto the neck of the body. To avoid the head flopping over, add a little more stuffing before closing.

4. Sew the arms on either side of the body between Rounds 29 & 30, 6 stitches apart at the front.

5. Sew the tail at the back of the body over Rounds 14 to 18.

6. Sew the stem on top of the carrot. Using a yarn needle, pass both tails of the stem into the very centre of the top of the carrot and draw the tails out from the side of the carrot. Pass one yarn tail back into the same stitch hole and out the top centre of the carrot. Pass the yarn tail over to the other side of the stem and insert through the centre and back out the side of the carrot. Repeat this process for the other yarn tail. This will secure the stem on top of the carrot. Weave the yarn tails through the carrot several times and trim the ends to finish.

7. Optional – use cream or brown yarn to sew the arms to the sides of the basket if you want the bunny to be holding the basket.
