BEANIE (MEDIUM size, approximate head measurement 51-53 cm/20-21 in)

Start with a tail of about 20cm/8in. Ch 48.

Row 1: Skip 1st chain, hdc 41, sc 6. Ch 1, turn (47 sts)

Row 2: BLO sc 6, BLO hdc 41. Ch 1, turn (47 sts)

Row 3: BLO hdc 41, BLO sc 6. Ch 1, turn (47 sts)

Row 4: Repeat rows 2 and 3 until you have 46 rows. The last row should be worked the same as Row 2. Do not fasten off yet after the last row.

FINISHING

Fold the beanie in half with the top of the beanie to your left side and the starting tail closest to you on the left side also. The beanie should be inside out at this stage. Join the edges (first and last row) of the beanie with a slip stitch to the back loops only. Fasten off and leave a yarn tail of about 12 inches in length. Weave the yarn tail through the top most stitches and pull it tight to close. Secure the two tails together with a knot. Weave in and hide the yarn tails. Turn the beanie the right side out and fold up the band/brim.

This beanie has a good stretch and will fit most adults and teenagers. If you would like to make the beanie smaller or larger, see alterations below for different sizes. Please keep in mind that you will need more than 184 m/201 yd of worsted/aran/10 ply yarn if you want to make a larger beanie.
